Very confident 13.6%

Confident 50%

Fairly confident 18.2%

Not confident 18.2%

Unfamiliar with using technology 0

Do you have any other opinions or suggestions regarding digital learning in our school?

6 responses

A clearer understanding of what they are working on and how they are progressing.
iPad use at school, that they bring home to enhance

Can be beneficial if the right tools and structure is given to the pupil- some areas may need to be adjusted and personalised for each individual

There should be more online resources in the school as it is what our children love engaging in nowadays.
